

Working Group Meeting for the Development and Finalization of the Textbook on the Job Role of AI Device Installation Operator: 14 October to 19 October 2024

The workshop for the review and finalisation of the textbook on the job role of AI Device Installation Operator was organised from 14 to 19 October 2024 at PSS Central Institute of Vocational Education (PSSCIVE), Bhopal. During the workshop, two experts, Prof. Prakash Khanale from Parbhani and Prof. Rita Jain from Bhopal, contributed to reviewing the draft contents developed for the textbook. The experts thoroughly reviewed the contents of the textbook, aligning them with the National Occupational Standards (NOS) in the Qualification Pack. They suggested modifications and alterations to the Grade IX textbook, including recommendations for adding new content and practical projects.

The workshop focused on organising the content unit-wise, ensuring a clear and structured approach. It was concluded that the contents would be rearranged and finalised before being reviewed by the experts in the next workshop. The program was coordinated by Dr. Deepak Shudhalwar, Professor and Head of the Department of Engineering and Technology.
