

Training of Teachers for Implementation of Vocational Education at the Middle Stage (Grades 6 to 8) as per the National Curriculum Framework for School Education (NCFSE) 2023 for the states of Uttarakhand, Haryana, Delhi and Uttar Pradesh: 14 October to 16 October 2024

The training programme was organised on the implementation of vocational education at the middle stage (grades 6 to 8) as per the National Curriculum Framework for School Education (NCFSE) 2023 for the states of Uttarakhand, Haryana, Delhi and Uttar Pradesh from 14th to 16th October 2024 at PSSCIVE, Bhopal. A total of 33 middle-stage teachers participated from four northern states: 10 from Uttar Pradesh, 5 from Uttarakhand, 10 from Delhi, and 8 from Haryana. The training included sessions on various topics such as Vocational Education under *Samagra Shiksha*: Schemes, Present Practices, and the Role of Teachers; NEP 2020 and its implementation at the Middle Stage; NCFSE 2023: Implementation of Vocational Education at the Middle Stage; Assessment and Evaluation of Projects and Activities at the Middle Stage and HPC; Experiential Learning and Vocational Pedagogy; Fun-based Learning Activities, Bagless Days, and Hub and Spoke Model; Use of ICT for Effective Teaching-Learning Processes; Digital Content available on the PSSCIVE Website; Digital Literacy and Technology Integration at the Middle Stage; and an Overview of Cyber Security.

Participants were also given exposure to the well-equipped vocational laboratories of the institute, where they engaged in various vocational activities as per the forms of work—Life Forms, Machines and Materials, and Human Services. Pre-test, post-test, and feedback from the participants were also collected.

Dr. R.K. Pathak, Coordinator, conducting a session during the training programme on the implementation of Vocational Education at the Middle Stage in schools across Uttarakhand, Haryana, Delhi, and Uttar Pradesh.
