

Working Group Meeting for Development of Green Park Involving Future Skills: 06 November to 08 November 2024

A working group meeting was held from 6th to 8th November 2024 at the PSS Central Institute of Vocational Education (PSSCIVE) to review the progress of the "Development of Green Park Involving Future Skills" project and plan future activities for the current academic year. The primary aim of the meeting was to identify and integrate new technologies, ensuring the project aligns with emerging trends in green skills and sustainable practices. The meeting was attended by distinguished experts, including Prof. K.K. Jain from NITTTR, Bhopal; Dr. P.C. Bargale, retired Principal from CIAE, Bhopal; Er. J.P. Lal, Ex-CMD, Lucknow; Mr. Ankit Sharma from Green Max, Bhopal; and Dr. K.C. Pandey from RKDF, Bhopal.

During the discussions, the experts provided valuable insights and recommendations for future activities under the project, with a significant focus on identifying cutting-edge technologies that could be integrated into the Green Park initiative. The goal was to equip students with future-ready skills in sustainability and environmental conservation. Additionally, the development of a comprehensive training manual for the Green Skills Project was discussed. This manual is intended to serve as a key resource to impart practical knowledge and skills to students, empowering them to actively contribute to green initiatives and sustainable practices. The outcomes of the meeting are expected to guide the successful implementation of the project, ensuring it becomes a benchmark for integrating green skills with technological innovation in educational settings.

Experts with the Coordinator Dr. Saurabh Prakash during the workshop for the development of Green Park involving Future Skills.
