

Boot Camp on Drone Technology organized by PSS Central Institute of Vocational Education, Bhopal: 29th January to 31st January 2025

A Boot Camp on Drone Technology was organized by the PSS Central Institute of Vocational Education (PSSCIVE) in collaboration with the Remote Pilot Training Organization (RPTO), Nagarabavi, Bengaluru, from 29th January to 31st January 2025, at RPTO and Vijayanagar Club, Bengaluru. The programme was attended by 50 students and 5 vocational teachers from different colleges, including SJM Government Pre-University College, Nelamangala, KPS Jalahalli, GPUC Penya, GPUC for Boys, Old Fort, Chamarajpet, and GPU Composite College, Madivala.

The workshop introduced the participants to the basics of drones, including their aerodynamics, components, and operational principles. The participants were engaged in a hands-on drone assembly and simulation exercise to learn drone operations practically. They were also acquainted with the applications of drones across various industries, career opportunities in the field, and entrepreneurial prospects in drone technology.

The programme was coordinated by Dr. Ravichandran and Dr. Sangamesh Hugar from PSSCIVE along with Mr. Somasundaram, Director, RPTO, Bengaluru, Karnataka, India.
